

Solicitation by Religious Organizations

If a church wishes to pass out informational literature to residents, they do not have to file a request as a solicitor/canvasser. They must:

1. Notify the Police Department when and what areas of the Village they will be walking.
2. They may not go to homes with a "No Solicitor" sign in the window.
3. They must provide the Police Department with a contact person and phone number, so that if problems or questions surface, the administration has someone to contact.
