President Burke said electric cars will be a great cost-saving measure for the Village and should be put into the upcoming budget. Chief Blasingame said that a company will be coming to the Village to evaluate how to install the charging stations at the Village.

- **John McDonnell – Building Commissioner**

Ordinance 2025-12: Approval of an Ordinance Amending Sections 4-35 of the Olympia Fields Village Code by Adding an Additional Class A Liquor License.

Commissioner McDonnell said that Perros Brothers wants to add gaming and liquor sales at their restaurant. The owner, Alfred Hadad, explained that the restaurant has been around since 1983. He said restaurant costs have increased five times, so he is looking for a way to have additional revenue without increasing the cost to customers too much. Adding gaming and liquor would increase the restaurant's profits, which would increase the revenue given to the Village. Hadad explained that another one of his establishments in another municipality has gaming and liquor and there has never been an incident. President Burke explained that all of the liquor licenses have been issued, so the Board must vote to add a license. The state requires that you have a liquor license in order to have gaming. President Burke stressed that it's on-premises drinking only – not carry-out liquor. A discussion ensued.

Trustee Oliver moved, seconded by Trustee Blackwell, to approve an Ordinance Amending Sections 4-35 of the Olympia Fields Village Code by Adding an Additional Class A Liquor License.

Roll Call: Ayes (5-0) Motion Carried.

Commissioner McDonnell said that since January of 2025, the Village has issued 600 various building permits, which represents \$7 million in construction values. There has been a lot of investment in the Village. Those permits brought in over \$100,000 in permit fees.

Public Comment

Resident Charles Durley expressed concerns about the snow removal process from the previous big snow. President Burke explained that the big streets get done first and then the side streets. Administrator Washington stated that she had replied to Durley's email regarding his snow removal concerns. President Burke said the snow plowing policy would be published and distributed to all residents.

Resident Curline West said she has lived in the Village for 15 years. During those years she has experienced exceptional help from the Police Department, Public Works and the Building Department. She expressed concern about the gas company cutting down too many trees on her property. Those trees served as an extra layer of security and seclusion. President Burke advised her to take advantage of the Village's 50/50 tree program in the spring to replace some of her trees. She reiterated that she has lived in a lot of places and the Village is the best place.
