## INDEPENDENT AUDITOR'S REPORT

The Honorable President  
Members of the Board of Trustees  
Village of Olympia Fields, Illinois

### Report on the Audit of the Financial Statements

#### Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Olympia Fields, Illinois (the Village), as of and for the year ended April 30, 2022 and the related notes to financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Olympia Fields, Illinois, as of April 30, 2022 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis of Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under these standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Village and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Supplementary Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village's basic financial statements. The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

We also have previously audited, in accordance with auditing standards generally accepted in the United States of America, financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Village as of and for the year ended April 30, 2021 and we expressed unmodified opinions on those basic financial statements. The audit was conducted for purposes of forming an opinion on the basic financial statements as a whole. The 2021 comparative information included on certain combining and individual fund statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 basic financial statements. The information has been subjected to the auditing procedures applied in the audit of those basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements from which it has been derived.

### *Other Information*

Management is responsible for the other information included in the annual report. The other information comprises the supplemental data but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 3, 2022, on our consideration of the Village's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Village's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village's internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Honorable President  
Members of the Board of Trustees  
Village of Olympia Fields, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Olympia Fields Illinois, (the Village), as of and for the year ended April 30, 2022, and the related notes to financial statements, which collectively comprise the Village's basic financial statements, and have issued our report thereon dated October 3, 2022.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Village's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we do not express an opinion on the effectiveness of the Village's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Village's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**GENERAL PURPOSE EXTERNAL  
FINANCIAL STATEMENTS**

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**APRIL 30, 2022**

---

The Village of Olympia Fields' (the Village) Discussion and Analysis offers readers of the Village's financial statements a narrative overview and analysis of the financial activities for the fiscal year ended April 30, 2022. We encourage readers to consider the information presented herein in conjunction with the basic financial statements, which begin on page 7, to enhance their understanding of the Village's financial performance.

## **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the Village's basic financial statements. The Village's basic financial statements are comprised of three components:

- Government-wide financial statements,
- Fund financial statements, and
- Notes to the financial statements

This report also contains other supplementary information in addition to the basic financial statements themselves.

### **Government-Wide Financial Statements**

The *government-wide financial statements* are designed to provide readers with a broad overview of the Village's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the Village's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Village is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods, most notably accounts receivable for tax levy income.

Both of the government-wide financial statements distinguish functions of the Village that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The Village's governmental activities include General Government and Public Safety (police and fire), Public Works (streets and buildings). The Village business-type activities, includes water and sewer operations. These are fee-based services provided for the convenience and needs of the Citizens of Olympia Fields.

The government-wide financial statements can be found on pages 7 through 10 of this report.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**APRIL 30, 2022**

---

**Fund Financial Statements**

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds managed by the Village can be divided into three categories: governmental, proprietary and fiduciary (the Village does not directly manage nor maintain custodianship over the police fiduciary fund).

**Governmental Funds:** Governmental Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements.

By doing so, readers may better understand the long-term impact of the government's near-term financing decisions.

Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities, as shown on pages 12 and 14 in the financial statements.

The Village maintains 11 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the 3 major funds: the General Fund, the Lincoln and Western TIF#2 Fund, and the Non-Home Rule Sales Tax Fund. Data from the other 8 governmental funds (non-major funds) are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The Village further classifies the 8 Non-Major Governmental Funds into 3 categories, Special Revenue Funds, Debt Service Funds, and Capital Project Funds. The Non-Major Special Revenue Fund accounts for Motor Fuel Tax, Redevelopment Business District, SSA #3 Oak Lane, Asset Seizure, Grant, and Governors/Vollmer Road TIF. The final non-major governmental funds are the Debt Service fund and the Capital Projects fund.

The Village adopts an annual budget for each of the funds listed above. A budgetary comparison statement has been provided (as required supplementary information, page 60) for the general fund to demonstrate compliance with this budget. Also included in the report are separate schedules and statements, by program, that compare budget to actual.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**APRIL 30, 2022**

---

**Proprietary Funds:** The Village maintains two proprietary funds or enterprise funds. These funds are used to report the same functions presented as business-type activities in the Government-Wide Financial Statements. The Village's enterprise funds are used to account for its waterworks and sewerage services. Proprietary funds provide the same type of information as the Government-Wide Financial Statements, only in more detail. The proprietary fund financial statements provide separate information for the Water Fund and Sewer Fund which are both considered to be major funds. Individual fund data for each of these funds is provided in the form of supplemental statements in the Village's full report.

The basic proprietary fund financial statements can be found on pages 15 through 18 of this report.

**Fiduciary Funds:** Fiduciary Funds are used to account for resources held on behalf of outside parties, including other governments. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the Village's own programs. The Village reports a pension trust fund as a fiduciary component unit to account for the Police Pension Fund. The accounting used for fiduciary funds is much like that for the government-wide financial statements. The financial reports for the Police Pension Fund can be found on page 19 & 20.

*Notes to the financial statements*

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. Certain financial information is broken down into more detail to assist the reader in understanding and analyzing the financial results. The notes of the financial statements can be found on pages 21 through 59.

*Other information*

In addition to the basic financial statement and accompanying notes, this report also presents certain required supplementary information which include the general fund budgetary comparison schedule and information concerning the Village's progress in funding its obligation to provide pension and other post-employment benefits to its employees. Required supplementary information can be found on pages 60 - 71 of the report.

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information on pensions. Combining and individual fund statements and schedules can be found on pages 72 through 104 of this report.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**APRIL 30, 2022**

---

**GOVERNMENT-WIDE OVERALL FINANCIAL ANALYSIS**

In accordance with GASB Statement No. 34, the Village presented comparative financial information to better understand the Village's financial position and changes in financial position. An analysis of the village's financial position begins with a review of the Statement of Net Position and the Statement of Activities. These two statements report the Village's net position and changes therein. It should be noted that the financial position can also be affected by non-financial factors, including economic conditions, population growth and new regulations.

**Statement of Net Position:**

The table below reflects the condensed financial information taken from the Village's Statement of Net Position for the fiscal year ending April 30, 2022.

**Table 1**  
**Statement of Net Position**  
**As of April 30, 2022 and 2021**

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**APRIL 30, 2022**

---

**Governmental Activities Net Position Summary:**

- Governmental Activities total net position increased by \$1,659,802 (10.31%).
- Total assets excluding deferred outflows increased by \$1,419,233 (9.67%). Current assets increased of \$1,424,467 (11.94%) and includes cash and investments which increased by \$945,785 (10.9%) due to fiscal year surplus in Governmental Funds.
- Total liabilities excluding deferred inflows increased by \$231,034 (0.79%) and includes a police pension net liability increase of \$1,203,075 due to investment losses and demographic changes which will be discussed later in the report. In addition, the Village deferred \$325,000 ARPA revenue which also increased total liabilities.
- Another factor contributing to the deficit in unrestricted net position is the result of the Village entering into an economic development agreement with Wal-Mart Real Estate Business Trust. In 2014, the Village entered into this agreement in order to expand the tax base of the Village including sales tax and incremental property tax revenue in the TIF. As a part of the agreement, the Village agreed to reimburse the developer for certain project costs the developer incurred in the Lincoln and Western TIF District #2. The note issued in fiscal year 2018 for 6.9 million, and valued at \$5,324,552 in fiscal year 2022, is a limited contingent obligation payable solely by increment revenue generated by Wal-Mart. This note did not produce a capital asset that is owned by the Village, and even though the Village is not generally obligated for the retirement of the debt, as it is payable solely from the incremental taxes generated by Wal-Mart, the note is nonetheless required to be reported as a liability of the Village. The obligation of the Village will be cancelled if Wal-Mart fails to pay or causes nonpayment of property taxes by failing to operate. In addition, if sufficient funds are not available to pay the debt as of the end of the TIF life, December 31, 2038, then the obligation will be cancelled and the Village would report a gain on the cancellation of the note.
- Since the TIF incentive note distorts the financial position of the Village, the following table (1-a) displays the Village's net position without the TIF incentive note, which is a better measure of the financial position of the Village.

<b>Total Net Position</b>	<b>(9,119,499)</b>	<b>(10,321,083)</b>	<b>9,002,878</b>	<b>8,384,756</b>	<b>(116,621)</b>	<b>(1,936,327)</b>

- As noted earlier, net position may serve over time as a useful indicator of a government's financial position. After excluding the limited obligation TIF note, in the case of the Village of Olympia Fields, liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by \$116,621

**Business-Type Activities Net Position Summary:**

- Business-Type Activities total net position increased \$ 618,122 (7.37%)
- Capital Assets increased by \$459,197 (6.16%) which includes a \$895,578 capital project to replace 4500 feet of sanitary sewer main. This project was funded by sewer fund reserves and a \$350,000 transfer from the Non-Home Rule Sales Tax Fund in FY2021.
- Long term debt decreased by \$442,036 (6.85%) as the Village continues to reduce outstanding debt and has committed to self-fund capital projects.

---

Governmental Activities Revenues:

For the fiscal year ended April 30, 2022, revenues from governmental activities totaled \$9,575,042 a decrease of \$567,569 (5.60%) from the previous fiscal year. Property taxes totaled \$3,850,016 representing 40.2% of total governmental funds' revenue; sales taxes totaled \$2,331,444 accounting for 24.35% of revenue; charges for services totaled \$1,064,916 representing 11.12% of total governmental activity revenue.

An analysis of the Village's governmental activities revenue sources is shown below in Chart 1.

**Chart 1**  
**Governmental Activities by Revenue Source**  
**For the Fiscal Year Ended April 30, 2022**

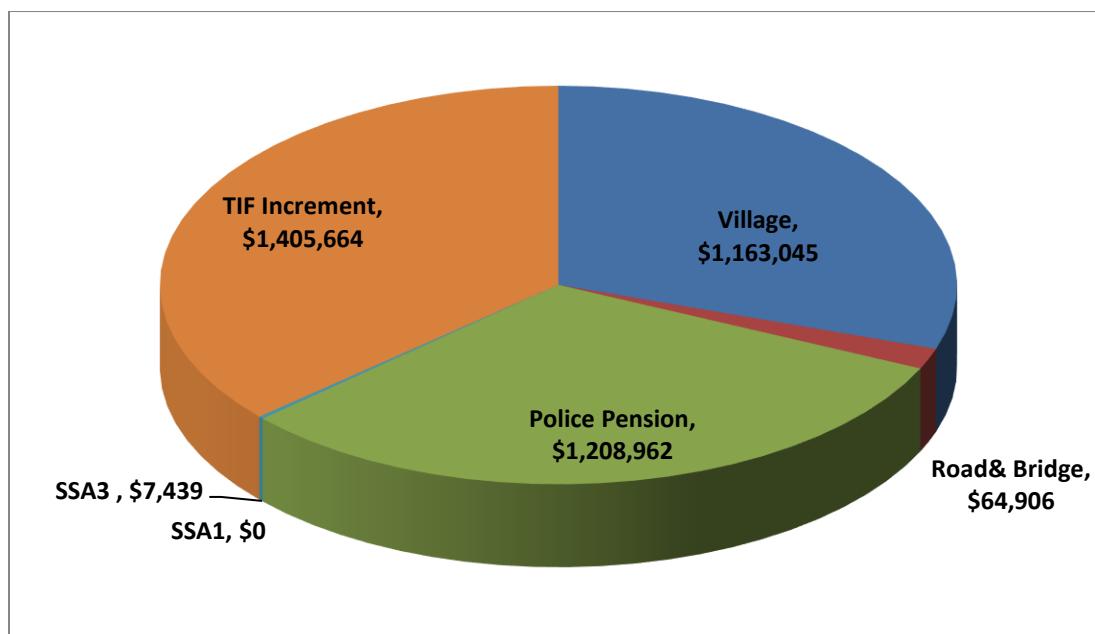

- Property tax revenue, the Village's largest single source, amounted to over \$3,850,016 of which \$1,405,663 (36.51%) was from the TIF increment and used to pay the TIF note. The remaining Property taxes help support governmental expenses. The Village received \$1,163,045 in property tax revenue to support governmental activities and the Police Pension Fund received \$1,208,962 in property tax revenue.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**APRIL 30, 2022**

---

- Total property tax revenue decreased 584,435 (13.18%) in the current fiscal year. This is primarily due to a \$564,248 decrease in TIF property tax revenue. As was reported last fiscal year, Wal-Mart had multiple PINS in the TIF district which were consolidated to a new single PIN in calendar year 2019. This restructuring did not produce a 1<sup>st</sup> installment tax bill for the 2019 tax levy, which would have been paid in FY2020. Thus, as expected, the Village received a substantial increase in fiscal year 2021 property tax revenue as Wal-Mart paid the entire 2019 tax bill in the 2<sup>nd</sup> installment tax bill. The chart below breaks out property tax revenue by taxing agency.

**Chart 2**  
**Property Tax Revenues**  
**For the Fiscal Year Ended April 30, 2022**

- Sales tax revenue increased in fiscal year 2022 by \$297,970 (14.65%) and includes the 1% Non-Home Rule Sales Tax which was imposed in July 2017. As was reported last fiscal year, the Village of Olympia Fields has seen additional sales tax revenue from the Illinois “Leveling the Playing Field Retail Act” imposed as of January 1, 2021, which requires remote retailers and marketplace facilitators that meet certain thresholds to collect and remit Illinois state sales tax. With a full year of this new retail act in fiscal year 2022, the Village estimates that approximately 1/3<sup>rd</sup> of the FY22 \$297,970 increase in sales tax revenue is from remote retailers and marketplace facilitators.

---

*Governmental Activities Expenses*

For the fiscal year ended April 30, 2022, expenses from governmental activities totaled \$7,915,240 an increase of \$659,364 (9.09%) from the previous fiscal year. Public Safety accounted for 64% of all governmental activities' expenses. An analysis of the Village's governmental activities expenses by category is presented in the chart below.

**Chart 3**  
**Governmental Activities Expenses**  
**For the Fiscal Year Ended April 30, 2022**

- Public safety expenses are reported at \$5,094,789 in fiscal year 2022 and have increased \$276,775 (5.74%) from the prior fiscal year which were reported at \$4,818,014. This increase is primarily due to expense increases in police pension funding. In FY2022 the net pension liability increased \$1,203,075 in fiscal year 2022 compared to the prior fiscal year. In addition, the Village's property tax contribution to the police pension fund increased \$96,111 compared to the prior fiscal year.
- Public Works expenses are reported at \$1,673,667 in fiscal year 2022 and have increased \$909,748 (119%) from the prior fiscal year. This increase is primarily due to street resurfacing improvements in the non-major funds: MFT Fund and the Capital Projects Fund.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**APRIL 30, 2022**

---

**Business-Type Statement of Activities Summary:**

As of April 30, 2022, net position for business-type activities was \$9,002,878, an increase of \$618,122 (7.37%) from the previous fiscal year.

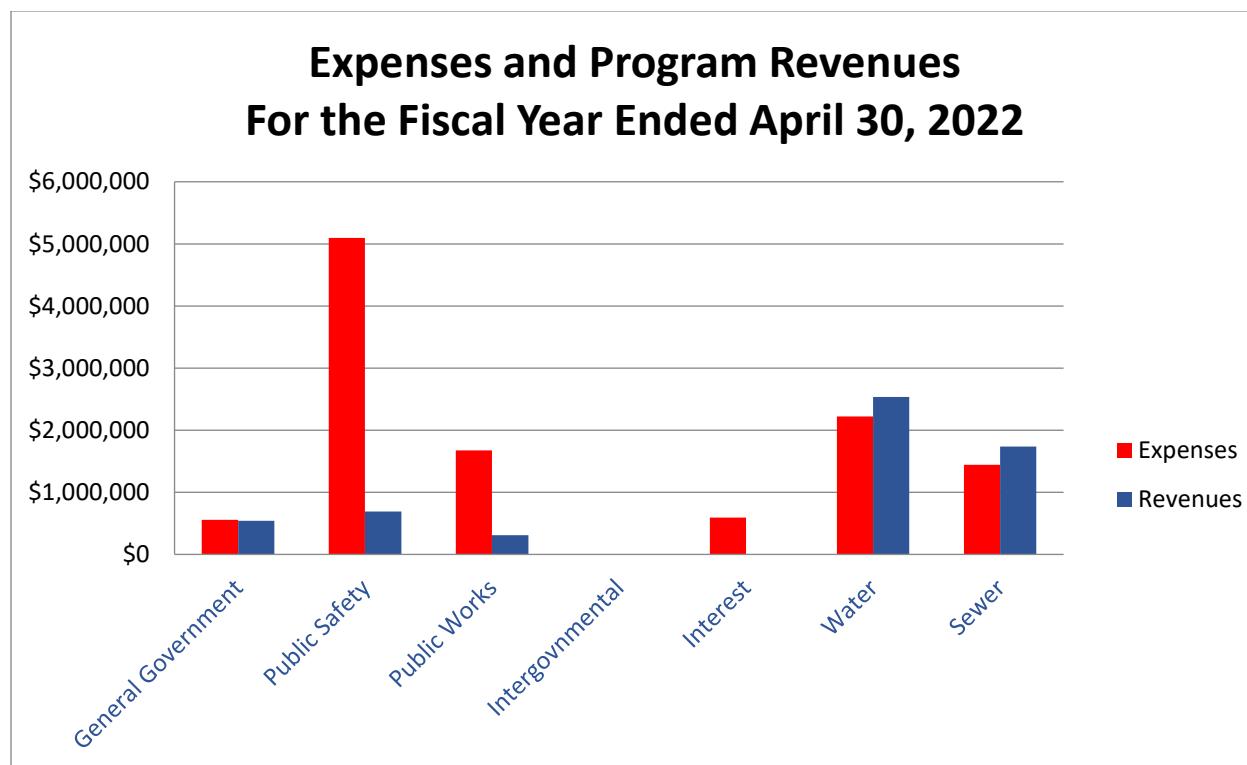

*Business-Type Revenues*

- Total Business-Type revenues in fiscal year 2022 were \$110,805 (2.66%) higher compared to fiscal year 2021. This is due to higher consumer water consumption as the Village water and sewer rates were not increased in FY2022.

*Business-Type Expenses*

- In fiscal year 2022, Business-type expenses were \$283,096 (8.38%) higher compared to the previous fiscal year. This is primarily due to the Sewer Fund additional operations and maintenance expenses as well as capital project expenses for swale repairs.

As is shown in the chart below, very few Village programs are self-funded through program revenues. This is why non -program revenues, such as property tax and sales tax are needed to make it possible to fund necessary functions with the Village.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**APRIL 30, 2022**

---

**FINANCIAL ANALYSIS OF THE VILLAGE FUNDS**

As noted earlier, the Village of Olympia Fields uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds**

The focus of the Village's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unrestricted (assigned and unassigned) fund balance may serve as a useful measure of government's net resources available for spending at the end of the fiscal year.

On April 30, 2022, the Village's governmental funds reported combining ending fund balances of \$9,832,800 which is \$1,158,882 (13.36%) higher than last year's total \$8,673,918 combined fund balance.

The General Fund is the chief operating fund of the Village and the largest source of day-to- day service delivery. The fund balance of the General Fund, \$5,625,202 as of April 30, 2022, increased \$495,136 from fiscal year ended April 30, 2021.

General Fund operating revenues increased by \$104,642 in fiscal year 2022. Tax revenue increased \$469,579 which includes a \$201,019 increase in sales tax revenue, largely due to remote sales from the Leveling the Playing Field Act. In addition, Income Tax revenue increased by \$129,616 (22.67%) in fiscal year 2022 due to an increase in per capita share from state's LDGF fund which benefited from several positive factors: an improving labor market, extraordinary corporate income tax receipts and higher estimated tax payments from individuals with pass-through entities. Another notable change in fiscal year 2022 revenues is that Intergovernmental revenues were \$157,545 lower compared to the previous fiscal year due to fiscal year 2021 additional Intergovernmental Revenue from CARES Act grant funds in the amount of \$188,863.

General Fund operating expenditures increased by \$233,908 (3.99%) in fiscal year 2022 compared to the previous fiscal year. This is primarily due to litigation settlement of \$150,000 along with \$83,908 (1.43%) total increase among all departments in the General Fund. There was also a \$300,000 transfer from the General Fund in fiscal year 2022 for capital projects.

In order to measure the General Fund's liquidity, it is useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents approximately 45% of total General Fund expenditures, while total fund balance represents 92.36% or 11 months of General Fund expenditures. These percentages exceed the Board's goal of retaining a minimum of 5 months (40%) of the General Fund expenditure budget in fund balance.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**APRIL 30, 2022**

---

The Village maintains a Capital Projects Fund to account for transfers from other funds for infrastructure and non-infrastructure needs including public streets and building improvements. In fiscal year 2022, the Board approved a \$300,000 transfer from the General Fund to the Capital Projects Fund. The transfer along with a \$615,456 fiscal year 2021 fund balance was used for fiscal year 2022 projects, such as \$431,922 in road resurfacing, \$46,314 in land acquisition and \$54,100 in software replacement.

The Non-Home Rule Sales Tax Fund began generating revenue in July 2017 from a 1% Non-Home Rule sales tax referendum which passed in November 2016 and included a commitment to limited use, not to be used for general government expenses such as salaries or employee benefits. As of April 30, 2022, the fund balance for the Non-Home Rule Sales Tax fund was \$1,422,350. Since the Non-Home Rule Sales Tax Fund's inception, the Village Board has approved \$2,375,259 in transfers to the three Capital Projects Funds.

**Proprietary Funds**

The Village of Olympia Fields' proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The Village maintains two separate proprietary funds, the Water Fund and the Sewer Fund. As of April 30, 2022, total net position of the Water Fund was \$5,356,124, an increase of \$320,690 (6.37%) from the prior fiscal year end. The Sewer Fund's net position was \$3,646,754, an increase of \$297,432 (8.88%) from the prior fiscal year.

**GENERAL FUND BUDGETARY HIGHLIGHTS**

**Table 3**  
**General Fund Budgetary Highlights**  
**For the Fiscal Year Ended April 30, 2022**

	<b>Original and Final Budget</b>	<b>Actual</b>	
		<b>2022</b>	<b>2021</b>
<b>REVENUES AND TRANSFERS</b>			
Taxes	5,113,138	5,654,404	5,184,825
Charges for Services	283,382	294,009	310,374
Fines and Fees	705,600	583,119	653,594
Licenses and Permits	248,935	188,425	223,150
Investment Income	15,000	3,251	12,452
Intergovernmental	23,000	51,363	208,908
Miscellaneous	39,030	114,772	191,398
Total Revenues	6,428,085	6,889,343	6,784,701
Transfers In and Other Sources	-	8,758	11,730
<b>Total Revenues and Transfers</b>	<b>6,428,085</b>	<b>6,898,101</b>	<b>6,796,431</b>
<b>EXPENDITURES AND TRANSFERS</b>			
Expenditures	6,343,325	6,090,715	5,856,807
Transfers Out	312,250	312,250	18,626
<b>Total Expenditures and Transfers</b>	<b>6,655,575</b>	<b>6,402,965</b>	<b>5,875,433</b>
<b>Change in Fund Balance</b>	<b>(227,490)</b>	<b>495,136</b>	<b>920,998</b>

General Fund actual revenues for the year totaled \$6,898,101 compared to budgeted revenues of \$6,428,085. The most significant differences between budgeted and actual revenues were as follows:

- As discussed earlier, since the Leveling the Playing Field Act went into effect in January 2021, the Village was not able to forecast the impact to sales tax revenue. Actual sales tax revenue was \$208,309 (16.02%) greater than budget and income tax revenue was \$148,267 (26.80%) greater than budget.
- Fines and Fees actual revenue was approximately 17% under budget due to lower-than-expected police municipal fines, police impounds and tows and code enforcement violations.
- Miscellaneous revenue includes unbudgeted \$47,000 from insurance reimbursements along with increased revenue from Developer Agreements.

General Fund actual expenditures and transfers out for fiscal year 2022 were \$252,610 (3.80%) favorable than budget, totaling \$6,402,965, compared to budgeted expenditures of \$6,665,575. This can be attributed to tighter controls on spending across all departments.

---

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

**Capital Assets**

The Village's investment in capital assets for its governmental and business type activities as of April 30, 2022, amounted to \$10,666,564 (net of accumulated depreciation). This investment in capital assets includes land, buildings and building systems, vehicles, machinery and equipment, roads and highways and construction in progress. The total investment in capital assets for the current fiscal year increased by \$453,963 (4.40%) from 2021. Major capital asset events during fiscal year 2022 include the following:

- The Village purchased three vehicles for the Police Department with Asset Forfeiture Funds and disposed of two vehicles in fiscal year 2022. In addition, the Village purchased the vacant land parcel next to Village Hall.
- Under Business -Type activities, the Village completed the Graymoor force-main sewer lining project which began in fiscal year 2020. Yet, due to the COVID-19 pandemic, the project was delayed and continued as construction in progress into fiscal year 2021.

The following schedule reflects the Village's capital assets balances as of April 30, 2022. Additional information is available in Note 5– Capital Assets, on page 33.

**Table 4**

**Long-Term Debt**

As shown in the chart below, as of April 30, 2022, the Village's total outstanding debt was \$34,678,829, a decrease of \$25,206 from the previous fiscal year. Governmental Activities outstanding debt increased by \$417,010 which was offset by a \$442,036 decrease in Business - Type outstanding debt.

In addition, as previously discussed, the TIF incentive is a limited contingent obligation payable solely by increment revenue generated by Wal-Mart. Although the note is required to be reported as a liability of the Village, the total debt outstanding would be \$29,354,277 without the Wal-Mart note.

Almost 53% of the Village's long-term liability is attributed to the police pension net liability of \$18,377,846. In fiscal year 2022 the net police pension liability increased by \$1,203,075 (7.0%) which is attributed to changes in pension demographics along with investment performance lower than actuarial assumptions.

In addition, principal payments on outstanding bonds and notes reduced the Village's long-term liability by \$1,08,021.

**Table 5**  
**Outstanding Long-Term Liabilities**  
**As of April 30, 2022, and 2021**

	Governmental Activities		Business-Type Activities		Total Primary Government

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**APRIL 30, 2022**

---

**Economic Factors and next Year's Budget and Rates**

The Village of Olympia Fields' elected and appointed officials considered many factors when setting the fiscal year 2022 budget. One of those factors is the changing local and national economy. The Village is faced with the same economic challenges as many other local minimalities. The Village of Olympia Fields has fulfilled its commitment to imposing financial discipline in its operations, achieving a balanced budget and promoting economic growth.

The following three principles help to guide the Village's budgetary process and financial management: 1) Maintain the beauty and charm of Olympia Fields. The Village is committed to continuous improvements in delivery and services. 2) Improve the efficiency of our government. This includes controlling major expenditure categories and revenue protection and enhancement. 3) Protect village property values with an economic development program that is consistent with future life style and new economy business models. Ensuring economic growth in our commercial tax base that will provide a balanced approach and a return on investment for the residents of Olympia Fields.

As previously discussed in this report, the economic development agreement with Wal-Mart Real Estate Business Trust requires the Village to reimburse the developer for project costs incurred during construction. The original note issued in FY18 for \$6,900,000, is a limited contingent obligation payable solely by increment revenue generated by Wal-Mart. The Village is not generally obligated for the retirement of the debt, but the Village is required to report the liability. The obligation of the Village will be cancelled if Wal-Mart fails to pay or causes nonpayment of property taxes by failing to operate. In addition, if sufficient funds are not available to pay the debt as of the end of the TIF life, the obligation will be cancelled and the Village would report a gain on the cancellation of the note. The TIF note distorts the Village's financial position/net position as noted in Table 1 on page MD&A 4. To provide a better measure of the financial position/net position of the Village, Table 1a on page MD&A 6, excludes the limited obligation TIF note.

The Village continues to analyze its long-term financial plan, major capital projects and increasing pension obligations. The Village Board's proactive approach to grow cumulative surpluses and maintain reserves as outlined in the fund balance policy of 5 months or 40% of budgeted expenses, has enabled the Village to self-fund projects. April 30, 2022, fund balance in the General Fund was \$5,625,202 and represents 92.36% of fiscal year 2022 General Fund expenditures, an increase from 87.59% in April 30, 2021. In the last five years, since April 30, 2016, the fund balance in the General Fund has increased 98.77% from \$2,829,999 to \$5,625,202 and includes transfers from the General Fund to Capital Projects Funds.

Beginning in fiscal year 2020 and continuing in fiscal year 2023, the Village Board of Trustees have approved budget transfers to Capital Improvement Funds for street, water, and sewer projects. In addition, the Board has committed to improving the Village's technology with upgrades to a new ERP system, Sensus Flexnet AMI system for water meter reads via a fixed point, and Supervisory Control & Data Acquisition software (SCADA) to monitor water tower usage and emergency water tower levels.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**APRIL 30, 2022**

---

This administration's objective is to self-fund capital project and not incur any additional debt. The Village's capital plan, which is discussed by the Village Board during the budget process, is used to identify and prioritize infrastructure rehabilitation and capital asset replacement needs several years in advance

Public safety pensions continue to place a significant burden on the Village's finances. The recommended contribution for fiscal year 2022 totaled \$1,637,837 and for fiscal year 2023 the recommended contribution decreased 5.17% to \$1,553,192. The Village has not been contributing the recommended actuarial amount as the fiscal year 2023 recommended pension contribution is 54.84% of the \$2,832,145 extended 2021 levy, leaving less property tax revenue for services. The Village has been contributing the Illinois statutory minimum contribution which in fiscal year 2022 was \$1,241,320.

The Village of Olympia Fields' water source is a project that will be at the forefront in the upcoming fiscal years. Olympia Fields and eleven other municipalities are members of the Oak Lawn Regional Water System (RWS). The RWS purchases water from the City of Chicago then distributes the Lake Michigan to the 11 municipalities. The contract between the Village of Olympia Fields and the RWS expires in December 2024. A new contract will require the Village to participate in the RWS improvement project currently estimated at \$271,000,000. The Village of Olympia Fields would be required to commit to fund 2.392% of these capital project costs. This potential cost commitment serves as the impetus for the Village to research alternative water distribution options to ensure our residents continue to receive safe and quality water without major increases to the water rate.

A key to ensuring that the Village's future remains a bright one is to grow the commercial tax base which will provide a balanced approach to ensuring a return on investment for the residents of Olympia Fields. On June 15, 2022, the Village Board of Trustees approved the Governor's Highway/ Vollmer Road TIF District, a 159-acre project area which includes a mixture of improved and vacant land, comprised of 59 parcels. The Governor's Highway / Vollmer Road TIF District will serve as a new hub of community life, combining opportunities for new shopping, dining, and entertainment in proximity to existing institutions such as Village Hall, the Rich Township High School STEM Campus, and Franciscan St. James Hospital. Through development spurred by the financial assistances provided through TIF, the Village hopes to achieve these goals within the Project Area:

- Reduce or eliminate those conditions that qualify the Project Area as a blighted area.
- Assemble and prepare sites that are conducive to modern development.
- Create a strong public and private partnerships to achieve the Village's vision.
- Improve the quality of life in the Village by reducing incidences of both physical and economic deterioration within the Project Area.
- Revitalize the Governor's Office Park, including development of vacant lots, potential addition of retail/restaurant uses along Vollmer Road, and renovation and tenanting of existing office buildings.
- Better renovate and better utilize the former Tolentine Monastery.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**APRIL 30, 2022**

---

Olympia Fields remains the right place to attract young, upwardly mobile families to share the vision, lifestyle and values that will enable Olympia Fields to remain a great place to live and raise a family but also a great place to start and run a business.

This administration will take advantage of every practical resource working with our Economic Development and Planning & Zoning Commissions to ensure that we will be able to maintain our preeminent role in the southern suburbs.

**Requests for Information**

This financial report is designed to provide the Village's citizens, taxpayers, and creditors with a general overview of the Village's finances and to demonstrate the Village's accountability for the money it receives. Questions concerning this report, or requests for additional information should be directed to the Village of Olympia Fields, 20040 Governors Highway, Olympia Fields, IL 60461.

## **VILLAGE OF OLYMPIA FIELDS, ILLINOIS**

### **RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE GOVERNMENTAL ACTIVITIES IN THE STATEMENT OF ACTIVITIES**

For the Year Ended April 30, 2022

---

**NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS**      \$ 1,158,882

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay as expenditures; however, they are capitalized and depreciated in the statement of activities	169,811
Depreciation in the statement of activities does not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds	(175,045)
The repayment of long-term debt is reported as an expenditure when due in governmental funds but as a reduction of principal outstanding in the statement of activities	1,181,049
The change in the net pension liability, deferred outflows of resources, and deferred inflows of resources for the Illinois Municipal Retirement Fund are reported only in the statement of activities	184,140
The change in the net pension liability, deferred outflows of resources, and deferred inflows of resources for the Police Pension Fund are reported only in the statement of activities	(465,829)
The accretion of notes payable is reported as interest expense on the statement of activities	(547,831)
Some expenses in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds	
Change in accrued interest payable	1,778
Change in other postemployment benefit payable obligation	45,040
Change in compensated absences	106,934
Amortization of bond premiums or discounts	<u>873</u>
<b>CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES</b>	<b><u>\$ 1,659,802</u></b>

See accompanying notes to financial statements.

## **NOTES TO FINANCIAL STATEMENTS**

April 30, 2022

---

### **1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Village of Olympia Fields, Illinois (the Village) have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Village's accounting policies are described below.

#### **a. Reporting Entity**

The Village is a non-home rule village located in Cook County, Illinois. The Village was incorporated in 1927 and operates under a President-Trustee form of government which provides services as authorized by its charter: public safety, highways and streets, sanitation, health and social services, public improvements, planning and zoning and general administrative services. As required by GAAP, these financial statements present the Village and its component units, entities for which the Village is considered to be financially accountable. The Police Pension Employees Retirement System (PPERS) is reported as a fiduciary component unit of the Village.

The Village's financial statements include the Police Pension Employees Retirement System (PPERS) as a blended fiduciary component unit report as a Pension Trust Fund. PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the Village's Board of Trustees, one elected by retired pension members and two elected by active members constitute the pension board. The Village and PPERS participants are obligated to fund all PPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels. The Village utilized an independent actuary and is authorized to approve the actuarial assumptions used in the determination of contribution levels. PPERS is included as a pension trust fund. PPERS issues a separate report that can be obtained from the Treasurer of the pension plan.

#### **b. Fund Accounting**

The Village uses funds to report on its financial position and the changes in its financial position. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. The minimum number of funds are maintained consistent with legal and managerial requirements.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**b. Fund Accounting (Continued)**

Funds are classified into the following categories: governmental, proprietary and fiduciary.

Governmental funds are used to account for all or most of the Village's general activities, including the collection and disbursement of restricted or committed monies (special revenue funds), the funds committed, restricted or assigned for the acquisition or construction of capital assets (capital projects funds) and the funds committed, restricted or assigned for the servicing of long-term debt (debt service funds). The General Fund is used to account for all activities of the general government not accounted for in some other fund.

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful for sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily within the government (internal service funds).

Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments. The Village utilizes a pension trust fund which is generally used to account for assets that the Village holds in a fiduciary capacity.

**c. Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Village. The effect of material interfund activity has been eliminated from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment or program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and (2) grants and standard revenues that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**c. Government-Wide and Fund Financial Statements (Continued)**

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The Village reports the following major governmental funds:

The General Fund is the Village's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The Lincoln and Western TIF #2 Fund is used to account for the restricted property tax revenue and the redevelopment costs related to the Lincoln and Western TIF District #2.

Non-Home Rule Sales Tax Fund is used to account for the non-home rules tax and the related infrastructure expenditures.

The Village reports the following major proprietary funds:

The Water Fund accounts for the provision of water to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service and billing and collection.

The Sewer Fund accounts for the provision of sanitary sewer services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service and billing and collection.

The Village reports a pension trust fund as a fiduciary component unit to account for the Police Pension Fund.

**d. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues and additions are recorded when earned and expenses and deductions are recorded when a liability is incurred. The Village recognizes property taxes when they become both measurable and available in the period the tax is intended to finance. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**d. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)**

Operating revenues/expenses include all revenues/expenses directly related to providing enterprise fund services. Incidental revenues/expenses are reported as non-operating.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Village considers revenues to be available if they are collected within 60 days of the end of the current fiscal period, except for sales taxes and telecommunication taxes which use a 90-day period. Expenditures generally are recorded when a fund liability is incurred. However, debt service expenditures are recorded only when payment is due.

Property taxes, sales taxes and telecommunication taxes owed to the state at year end, franchise fees, licenses, charges for services and interest associated with the current fiscal period are all considered to be susceptible to accrual and are recognized as revenues of the current fiscal period. Fines and permit revenue and miscellaneous revenues are considered to be measurable and available only when cash is received by the Village.

In applying the susceptible to accrual concept to intergovernmental revenues (i.e., federal and state grants), the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the Village; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are generally revocable only for failure to comply with prescribed eligibility requirements, such as equal employment opportunity. These resources are reflected as revenues at the time of receipt or earlier if they meet the availability criterion.

The Village reports unavailable/deferred revenue and unearned revenue on its financial statements. Unavailable/deferred revenues arise when a potential revenue does not meet both the measurable and available or earned criteria for recognition in the current period. Unearned revenues arise when resources are received by the Village before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the Village has a legal claim to the resources, the deferred inflow of resources for unavailable/deferred revenue or the liability for unearned revenue is removed from the financial statements and revenue is recognized.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**e. Cash and Investments**

**Cash and Cash Equivalents**

For purposes of the statement of cash flows, the Village's proprietary funds consider all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

**Investments**

Investments with a maturity of less than one year when purchased, non-negotiable certificates of deposit and other nonparticipating investments are stated at cost or amortized cost. Investments with a maturity greater than one year when purchased and all investments of the pension trust funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

**f. Prepaid Items/Expenses**

Payments made to vendors for services that will benefit periods beyond the date of this report are recorded as prepaid items/expenses.

**g. Capital Assets**

Capital assets, which include property, plant, equipment, intangible assets (e.g., software and easements) and infrastructure assets (e.g., roads, bridges and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Infrastructure assets are reported prospectively as of May 1, 2004. Capital assets are defined by the Village as assets with an initial, individual cost in excess of \$10,000 and an estimated useful life in excess of one year.

Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs, including street overlays that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

g. Capital Assets (Continued)

Property, plant and equipment is depreciated using the straight-line method over the following estimated useful lives:

	Years
Buildings and improvements	40
Water and sewer system	40
Equipment	5-15
Depreciable intangible assets	5-10
Vehicles	5-10
Streets	30
Leasehold improvements	40

h. Compensated Absences

Vested or accumulated vacation leave, vested sick leave and compensatory time is reported as an expenditure and a fund liability of the governmental fund that will pay it once retirement or separation has occurred. Vested or accumulated vacation leave, vested sick leave and compensatory time of proprietary funds and governmental activities is recorded as an expense and liability of those funds as the benefits accrue to employees.

i. Long-Term Obligations

In the government-wide financial statements and proprietary funds in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund financial statements. Bond premiums and discounts and loss on refundings are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed in the current period.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures in the current period.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**j. Fund Balance/Net Position**

In the fund financial statements, governmental funds report nonspendable fund balance for amounts that are either not spendable in form or legally or contractually required to be maintained intact. Restrictions of fund balance are reported for amounts constrained by legal restrictions from outside parties for use for a specific purpose or externally imposed by outside entities. None of the restricted fund balance result from enabling legislation adopted by the Village. Committed fund balance is constrained by formal actions of the Village's Board of Trustees, which is considered the Village's highest level of decision-making authority. Formal actions include ordinances approved by the Board of Trustees. Assigned fund balance represents amounts constrained by the Village's intent to use them for a specific purpose. The Village has established fund balance reserve policies in its General Fund at five months or 40% of annually adopted expenditures. The authority to assign fund balance has been delegated to the Finance Director by the Board of Trustees. Any residual fund balance is reported as unassigned. Deficit fund balances of other governmental funds are also reported as unassigned.

The Village's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. Additionally, if different levels of unrestricted funds are available for spending, the Village considers committed funds to be expended first followed by assigned and then unassigned funds.

In the government-wide financial statements, restricted net position is legally restricted by outside parties for a specific purpose. Net investment in capital assets represents the book value of capital assets, less any outstanding long-term debt issued to construct or acquire the capital asset. Net position of the Village has not been restricted by enabling legislation.

**k. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

1. Interfund Transactions

Interfund services are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except interfund services and reimbursements, are reported as transfers.

m. Interfund Receivables/Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.”

If applicable, advances between funds, as reported in the fund financial statements, are offset by nonspendable fund balance in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

n. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

**2. DEPOSITS AND INVESTMENTS**

a. Village Investments

The Village categorizes the fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**2. DEPOSITS AND INVESTMENTS (Continued)**

a. Village Investments (Continued)

The Village's investment policy authorizes the Village to invest in all investments allowed by Illinois Compiled Statutes (ILCS). These include deposits/investments in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States Government or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, The Illinois Funds and Illinois Metropolitan Investment Fund (IMET). The Village's investment policy does limit their deposits to financial institutions that are members of the FDIC system and are capable of posting collateral for amounts in excess of FDIC insurance. Additionally, the Village will not invest in any institution in which the Village's funds on deposit are in excess of 10% of the institution's capital stock and surplus.

The Illinois Public Treasurers' Investment Pool, known as The Illinois Funds, operates as a qualified external investment pool in accordance with the criteria established in GASB Statement No. 79, Certain External Investment Pools and Pool Participants, and thus, reports all investments at amortized cost rather than market value. The investment in The Illinois Funds by participants is also reported at amortized cost. The Illinois Funds does not have any limitations or restrictions on participant withdrawals. The Illinois Treasurer's Office issues a separate financial report for The Illinois Funds which may be obtained by contacting the Administrative Office at Illinois Business Center, 400 West Monroe Street, Suite 401, Springfield, Illinois 62704.

The Illinois Metropolitan Investment Fund (IMET) is a local government investment pool. Created in 1996 as a not-for-profit trust formed under the Intergovernmental Cooperation Act and the Illinois Municipal Code. IMET was formed to provide Illinois government agencies with safe, liquid, attractive alternatives for investing and is managed by a Board of Trustees elected from the participating members. IMET offers participants two separate vehicles to meet their investment needs. The IMET Core Fund is designed for public funds that may be invested for longer than one year. The Core Fund carries the highest rating available (AAAf/bf) from Moody's for such funds. Member withdrawals can be made from the core fund with a five day notice. The IMET Convenience Fund (CVF) is designed to accommodate funds requiring high liquidity, including short term cash management programs and temporary investment of bond proceeds.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**2. DEPOSITS AND INVESTMENTS (Continued)**

a. Village Investments (Continued)

It is comprised of collateralized and FHLB LoC backed bank deposits, FDIC insured certificates of deposit and US government securities. Member withdrawals are generally on the same day as requested. Investments in IMET are valued at IMET's share price, which is the price the investment could be sold.

It is the policy of the Village to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the Village and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objectives of the policy are, in order of priority, legality, safety of principal, liquidity and rate of return.

The Village maintains a cash and investment pool that is available for use by all funds, except the pension trust funds. Each fund type's portion of this pool is displayed on the statement of net position as "cash and cash equivalents." In addition, deposits and investments are separately held by several of the Village's funds.

**Deposits with Financial Institutions**

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the Village's deposits may not be returned to it. The Village's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance, at an amount not less than 105% of the fair market value of the funds secured, with the collateral held by a village approved independent third party or the Federal Reserve Bank of Chicago.

The following table presents the investments and maturities of the Village's debt securities as of April 30, 2022:

Investment Type	Fair Value	Investment Maturities (in Years)		
		Less than 1	1-5	6-10
Illinois Metropolitan Investment Fund	\$ 38,588	\$ -	\$ 38,588	\$ -
<b>TOTAL</b>	<b>\$ 38,588</b>	<b>\$ -</b>	<b>\$ 38,588</b>	<b>\$ -</b>

The Village has the following recurring fair value measurements as of April 30, 2022: the IMET 1 to 3 Year Fund, a mutual fund, is measured based on the net asset value of the shares in IMET, which is based on the fair value of the underlying investments in the mutual fund (Level 3 input).

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**2. DEPOSITS AND INVESTMENTS (Continued)**

a. Village Investments (Continued)

Investments (Continued)

Interest rate risk is the risk that change in interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the Village limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for short and long-term cash flow needs while providing a reasonable rate of return based on the current market.

The Village limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in external investment pools and securities explicitly guaranteed by the full faith and credit of the United States Government. The Illinois Funds, IMET and money market mutual funds are rated AAA.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Village will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the Village's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by a third party and evidenced by safekeeping receipts. The Illinois Funds, IMET and money market mutual funds are not subject to custodial credit risk.

Concentration of credit risk is the risk that the Village has a high percentage of their investments invested in one type of investment. The Village's investment policy requires diversification of investment to avoid unreasonable risk. Specifically U.S. Treasury securities shall not exceed 90% of the portfolio, U.S. agency securities shall not exceed 50% with no more than 20% in a single agency, certificates of deposit shall not exceed 75%, investments in IMET shall not exceed 50%, commercial paper shall not exceed 25% and money market mutual funds shall not exceed 25%.

**3. RECEIVABLES - PROPERTY TAXES**

Property taxes for the 2021 levy year attach as an enforceable lien on January 1, 2021, on property values assessed as of the same date. Taxes are levied by December 31st of the subsequent fiscal year end by passage of a Tax Levy Ordinance. Tax bills are prepared by the County and issued on or about February 1, 2022 and September 1, 2022, and are payable in two installments, on or about March 1, 2022 and October 1, 2022. The County collects such taxes and remits them periodically. The second half collections of the 2020 levy and the first half collections of 2021 are intended to finance the 2022 fiscal year.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**3. RECEIVABLES - PROPERTY TAXES (Continued)**

The remaining collections of the 2021 levy are not considered available for current operations and, therefore, are shown as unavailable/deferred revenue. The 2022 tax levy has not been recorded as a receivable at April 30, 2022, as the tax attached as a lien on property as of January 1, 2021; however, the tax will not be levied until December 2022 and, accordingly, is not measurable at April 30, 2022.

**4. OTHER RECEIVABLES**

a. Intergovernmental Taxes Receivables

The following receivables are included in intergovernmental taxes receivable on the statement of net position:

**GOVERNMENTAL ACTIVITIES**

Sales tax	\$ 357,207
Non home rule sales tax	189,048
Local use tax	45,348
Video gaming tax	11,317
Cannabis use tax	1,309
Municipal fuel tax	26,821
Telecommunications tax	<u>35,267</u>
 TOTAL GOVERNMENTAL ACTIVITIES	 <u>\$ 666,317</u>

b. Long-Term Receivables

The Village has an agreement with Olympia Fields Country Club (OFCC) to reimburse a portion of the 2011A and 2011B General Obligation, Alternate Revenue Bonds. This amount is reported as a long-term receivable in the Water Fund. The receivable balance as of April 30, 2022, is \$663,750. The future repayment schedule is detailed below for the entire amount of the anticipated repayments:

<b>Fiscal Year Ending <u>April 30,</u></b>	<b>Principal</b>	<b>Interest</b>
2023	\$ 81,250	\$ 28,416
2024	83,750	25,165
2025	86,250	21,816
2026	90,000	18,364
2027	57,500	14,541
2028-2031	<u>265,000</u>	<u>30,978</u>
 <b>TOTAL</b>	 <u>\$ 663,750</u>	 <u>\$ 139,280</u>

Public works	<u>22,391</u>

**TOTAL DEPRECIATION EXPENSE -**

<b>GOVERNMENTAL ACTIVITIES</b>	<u>\$ 175,045</u>
--------------------------------	-------------------

**6. RISK MANAGEMENT**

The Village is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; employee health; and natural disasters. Employee health risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage in the fiscal year or prior two fiscal years.

In addition, the Village participates in the Intergovernmental Risk Management Agency (IRMA). IRMA is an insurance pool whose members are Illinois municipalities and other governmental agencies. IRMA manages and funds first party property losses, third party liability claims, workers' compensation claims and public officials' liability claims of its member municipalities. The Village's payments to IRMA are displayed on the financial statements as expenditures/expenses in appropriate funds.

The Village assumes the first \$2,500 of each occurrence, and IRMA has self-insurance retentions at various amounts above that level. There have been no significant changes from the prior year and settlements have not exceeded coverage in any of the prior three years.

Management consists of a Board of Directors comprised of one appointed representative from each member. In addition, there are two officers, a Risk Manager and a Treasurer. The Village does not exercise any control over the activities of IRMA beyond its representation on the Board of Directors.

Initial contributions are determined in advance of each membership year based on the individual member's eligible revenue as defined in the bylaws of IRMA and assessment factors based on past member experience and the funding need for the membership year. The Board of Directors may require that supplemental contributions be made by members to ensure adequate funds are available to meet the obligations applicable to the membership year. Members have a contractual obligation to fund any deficit of IRMA attributable to a membership year during which they were a member. The Village is not aware of any additional amounts owed to IRMA at April 30, 2022, for the current or prior claim years.

d. TIF Incentive Notes (Direct Placement)

The Village, pursuant to an economic development agreement dated December 8, 2014, has agreed to reimburse the developer (Wal-Mart Real Estate Business Trust) for certain project costs the developer has incurred in the Lincoln and Western TIF District #2. This agreement was entered into to expand the tax base of the Village including sales tax and incremental property tax revenue in the TIF. The economic development agreement requires that an economic incentive note be executed upon the Village issuing a final occupancy certificate for the Walmart Supercenter. The note for \$6,900,000 was issued during the fiscal year ended April 30, 2018. The note is a limited obligation payable from and secured solely by the available incremental TIF revenues, from the Wal-Mart PINS, in the Lincoln and Western TIF District #2. The note accrues interest at a rate of 9.50% and matures on December 31, 2038. The note provides that the payment of principal and interest on the note is due only if tax increment revenues, received from the Wal-Mart PINS, are available for payment of debt service. Therefore, no set debt service to maturity schedule is available.

\*General Obligation Alternate Revenue Bonds of \$6,330,000 are payable from alternate revenue sources and are not part of the legal debt limit.

g. Pledged Revenues

The Village has issued alternate revenue source bonds for which they have pledged future revenue streams. The Series 2008 General Obligation Alternate Revenue Source Bonds, issued for sewer system improvements, are payable from a pledge of the Village's dedicated sewer property tax revenue or income taxes. Property taxes were abated in the current year. The bonds have a remaining total pledge of \$2,988,132 through November 15, 2037. During the current fiscal year, the pledge of income tax revenues for the 2008 bonds of \$177,232 was approximately 25.27% of total income tax revenue. The 2010 General Obligation Alternate Revenue Source Bonds, issued for water tower and other capital improvements, are payable from a pledge of payments from SouthCom Combined Dispatch service and from utility and other taxes and fees, with a remaining total pledge of \$0 as the bonds matured on January 1, 2022. During the current fiscal year, the pledge of utility tax revenues for the 2010 bonds of \$57,200 was approximately 13.65% of total utility tax revenue. There was no pledge related to the portion of the bond applicable to SouthCom during fiscal year 2022.

The 2011A General Obligation Alternate Revenue Source Bonds, issued for water main improvements, street improvements and various other capital improvements, are partially payable from a pledge of payments from OFCC and from telecommunication taxes, with a remaining total pledge of \$1,548,012 and the bonds maturing January 1, 2031. During the current fiscal year, the pledge of telecommunication tax revenues for the 2011A and 2011B bonds of \$95,179 was approximately 165% of total telecommunication tax revenue. The pledge of \$110,315 related to the portion of the bond applicable to OFCC was equal to 100% of the OFCC revenue received. The remaining payment of \$62,056 was paid from the General Fund.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**7. LONG-TERM DEBT (Continued)**

g. Pledged Revenues (Continued)

The 2012A and 2012B General Obligation Alternate Revenue Source Bonds, issued for sewer improvements, street improvements and various other capital improvements are partially payable from motor fuel tax revenues with the remainder being paid by the capital projects fund. The remaining total pledge of \$1,158,000 and the bonds maturing January 1, 2032. During the current fiscal year, the pledge of motor fuel tax revenues for the 2012A bonds of \$100,000 was approximately 100% of total motor fuel tax revenues. The remaining \$17,250 for the debt service payment is from the general fund.

The 2014B General Obligation Alternate Revenue Source Refunding Bonds issued to refund 2005 General Obligation Alternate Revenue Source refunding bonds and are payable from sales taxes. The remaining total pledge is \$411,305 and the bonds mature November 15, 2025. During the current fiscal year, the pledge of sales taxes for the 2014B bonds of \$116,892 was approximately 7.75% of total sales tax revenues.

**8. CONTINGENT LIABILITIES**

a. Litigation

The Village is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Village's attorneys, the resolution of these matters will not have a material adverse effect on the financial condition of the Village.

**9. INDIVIDUAL FUND DISCLOSURES (Continued)**

a. Advances To/From Other Funds

Receivable Fund	Payable Fund	Amount
General	Nonmajor governmental funds	\$ 6,552
General	Nonmajor governmental funds	<u>14,352</u>
<b>TOTAL</b>		<b>\$ 20,904</b>

The purposes of advances to/from other funds are as follows:

The \$6,552 advanced from the General Fund to the SSA #3 Oak Lane Fund is for startup costs for the SSA #3 and \$14,352 advanced from the General Fund to the Governors/Vollmer Road TIF #3 Fund for startup costs. These amounts will be repaid as funds are available.

**9. INDIVIDUAL FUND DISCLOSURES (Continued)**

b. Transfers In (Out)

Interfund transfers between funds for the year ended April 30, 2022, were as follows:

	Transfers In	Transfers Out
General		
Nonmajor Governmental	\$ 981	\$ 312,250
Nonmajor Governmental		
Other Nonmajor Governmental	<u>412,250</u>	<u>100,981</u>
<b>TOTAL</b>	<b><u>\$ 413,231</u></b>	<b><u>\$ 413,231</u></b>

The \$300,000 transfer from the General Fund to the Nonmajor Governmental Funds (Capital Projects Fund) was to fund capital projects. This transfer will not be repaid.

The \$100,000 transfer from the Nonmajor Governmental Funds (Motor Fuel Tax Fund) to the Nonmajor Governmental Funds (Debt Service Fund) was for debt service payments. This transfer will not be repaid.

c. Deficit Fund Balances

The following funds had a deficit fund balance at April 30, 2022:

Fund	Amount
SSA#3 Oak Lane	\$ (6,552)
Governors/Vollmer Road TIF #3	(23,307)

**10. DEFINED BENEFIT PENSION PLANS**

The Village contributes to two defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer public employee retirement system and the Police Pension Plan which is a single-employer pension plan. The benefits, benefit levels, employee contributions and employer contributions for the two plans are governed by ILCS and can only be amended by the Illinois General Assembly. The IMRF pension plan does not issue a separate report on the pension plan. However, IMRF does issue a publicly available report that includes financial statements and supplementary information for the plan as a whole, but not for individual employers. That report can be obtained from online at [www.imrf.org](http://www.imrf.org). The Police Pension Fund issues a separate report.

**10. DEFINED BENEFIT PENSION PLANS (Continued)**

a. Plan Descriptions

Illinois Municipal Retirement Fund

*Plan Administration*

All employees (other than those covered by the Police Pension Plan) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. IMRF provides two tiers of pension benefits.

The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

*Plan Membership*

At December 31, 2021, IMRF membership consisted of:

Inactive plan members currently receiving benefits	22
Inactive plan members entitled to but not yet receiving benefits	14
Active plan members	19
<b>TOTAL</b>	<b>55</b>

*Benefits Provided*

Employees hired prior to January 1, 2011, are eligible for Tier 1 benefits. For Tier 1 employees, pension benefits vest after eight years of service. Pension benefits vest after eight years of service. Participating members who retire at age 55 (reduced benefits) or after age 60 (full benefits) with eight years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating members who retire at age 62 (reduced benefits) or after age 67 (full benefits) with ten years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter.

IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**10. DEFINED BENEFIT PENSION PLANS (Continued)**

a. Plan Descriptions (Continued)

Illinois Municipal Retirement Fund (Continued)

*Contributions*

Participating members are required to contribute 4.50% of their annual salary to IMRF. The Village is required to contribute the remaining amounts necessary to fund IMRF as specified by statute. The employer contribution rate for the fiscal year April 30, 2022, was 8.70% of covered payroll.

*Actuarial Assumptions*

The total pension liability above was determined by an actuarial valuation performed as of December 31, 2021, using the following actuarial methods and assumptions.

Actuarial valuation date	December 31, 2021
Actuarial cost method	Entry-age normal
Assumptions	
Inflation	2.25%
Salary increases	2.85% to 13.75%
Discount rate	7.25%
Cost of living adjustments	2.25%
Asset valuation method	Fair value

For nondisabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements were projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements were projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements were projected using scale MP-2020.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
 NOTES TO FINANCIAL STATEMENTS (Continued)

---

**10. DEFINED BENEFIT PENSION PLANS (Continued)**

a. Plan Descriptions (Continued)

Illinois Municipal Retirement Fund (Continued)

*Discount Rate*

The discount rate used to measure the IMRF total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the Village contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Village's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

*Changes in the Net Pension Liability (Asset)*

	(a) Total Pension Liability	(b) Plan Fiduciary Net Position	(a) - (b) Net Pension Liability (Asset)

*Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources*

For the year ended April 30, 2022, the Village recognized pension expense (income) of \$(185,729).

At April 30, 2022, the Village reported deferred outflows of resources and deferred inflows of resources related to IMRF from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 234,220	\$ -
Changes in assumption	-	608
Contributions made subsequent to measurement date	39,683	-
Net difference between projected and actual earnings on pension plan investments	-	1,205,957
<b>TOTAL</b>	<b>\$ 273,903</b>	<b>\$ 1,206,565</b>

Contributions of \$39,683 made after the measurement date of the plan, but before the Village's fiscal year end will be recognized in pension expense during the fiscal year ending April 30, 2023. Amounts reported as deferred outflows of resources and deferred inflows of resources related to IMRF will be recognized as pension expense by the Village as follows:

Fiscal Year Ending <u>April 30,</u>	
2023	\$ (91,931)
2024	(390,767)
2025	(297,846)
2026	(191,801)
<b>TOTAL</b>	<b>\$ (972,345)</b>

*Discount Rate Sensitivity*

The following is a sensitivity analysis of the net pension liability (asset) to changes in the discount rate. The table below presents the net pension liability (asset) of the Village calculated using the discount rate of 7.25% as well as what the Village's net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage point lower (6.25%) or 1 percentage point higher (8.25%) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Net pension liability (asset)	\$ (430,841)	\$ (1,403,695)	\$ (2,215,804)

Police Pension Plan

*Plan Administration*

Police sworn personnel are covered by the Police Pension Plan. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/3-1) and may be amended only by the Illinois legislature. The Village accounts for the plan as a pension trust fund.

The plan is governed by a five-member Board of Trustees. Two members of the Board of Trustees are appointed by the Village President, one member is elected by pension beneficiaries and two members are elected by active police employees.

*Plan Membership*

At April 30, 2022, the measurement date, membership consisted of:

Inactive plan members currently receiving benefits	21
Inactive plan members entitled to but not yet receiving benefits	5
Active plan members	20
<b>TOTAL</b>	<b>46</b>

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**10. DEFINED BENEFIT PENSION PLANS (Continued)**

a. Plan Descriptions (Continued)

Police Pension Plan (Continued)

*Benefits Provided*

The Police Pension Plan provides retirement benefits through two tiers of benefits as well as death and disability benefits. Tier 1 employees (those hired prior to January 1, 2011) attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit equal to one-half of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a police officer who retired with 20 or more years of service after January 1, 1977, shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter.

Tier 2 employees (those hired on or after January 1, 2011) attaining the age of 55 or older with ten or more years of creditable service are entitled to receive an annual retirement benefit equal to the greater of the average monthly salary obtained by dividing the total salary during the 48 consecutive months of service within the last 60 months in which the total salary was the highest by the number of months in that period; or the average monthly salary obtained by dividing the total salary of the police officer during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period.

Police officers' salary for pension purposes is capped at \$106,800, plus the lesser of  $\frac{1}{2}$  of the annual change in the Consumer Price Index or 3% compounded. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least ten years may retire at or after age 50 and receive a reduced benefit (i.e.,  $\frac{1}{2}\%$  for each month under 55). The monthly benefit of a Tier 2 police officer shall be increased annually at age 60 on the January 1<sup>st</sup> after the police officer retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3% or  $\frac{1}{2}$  of the change in the Consumer Price Index for the proceeding calendar year.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**10. DEFINED BENEFIT PENSION PLANS (Continued)**

a. Plan Descriptions (Continued)

Police Pension Plan (Continued)

*Contributions*

Employees are required by ILCS to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan and the administrative costs as actuarially determined by an enrolled actuary. Effective January 1, 2011, the Village has until the year 2040 to fund 90% of the past service cost for the Police Pension Plan. For the year ended April 30, 2022, the Village's contribution was 81.79% of covered payroll.

*Investment Policy*

The Police Pension Fund (the Fund) categorizes the fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The Fund's investment policy authorizes the Fund to invest in all investments allowed by ILCS. These include deposits/investments in insured commercial banks, savings and loan institutions, interest-bearing obligations of the U.S. Treasury and U.S. agencies, interest-bearing bonds of the State of Illinois or any county, township or municipal corporation of the State of Illinois, direct obligations of the State of Israel, corporate bonds, money market mutual funds whose investments consist of obligations of the U.S. Treasury or U.S. agencies, separate accounts managed by life insurance companies, mutual funds, common and preferred stock and The Illinois Funds. The Illinois Funds was created by the Illinois State Legislature under the control of the State Comptroller that maintains a \$1 per share value which is equal to the participants' fair value. There were no changes to the investment policy during the fiscal year.

It is the policy of the Fund to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the cash flow demands of the Fund and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objectives of the policy are, in order of priority, legality, safety of principal, liquidity and rate of return.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**10. DEFINED BENEFIT PENSION PLANS (Continued)**

a. Plan Descriptions (Continued)

Police Pension Plan (Continued)

*Investment Policy* (Continued)

The Fund's investment policy in accordance with ILCS establishes the following target allocation across asset classes:

Asset Class	Target	Long-Term Expected Real Rate of Return
Cash and Cash Equivalents	3%	1.30%
Fixed Income	32%	
Corporate Bonds		2.80%
Intermediate U.S. Treasuries		2.10%
High Yield		3.90%
Equities	52%	
U.S. Large Cap Equity		4.10%
U.S. Mid Cap Equity		4.30%
U.S. Small Cap Equity	5%	4.40%
International Developed Markets Equity	5%	6.50%
Emerging Markets Equity		6.90%
Real Estate	3%	5.70%
Commodities		2.60%

ILCS limits the Fund's investments in equities, mutual funds and variable annuities to 65%. Securities in any one company should not exceed 5% of the total fund. The target allocation of the equity portion of the portfolio is 75% U.S. equities, 15% international equities and 10% real estate.

The long-term expected rate of return on the Fund's investments was determined using an asset allocation study conducted by the Fund's investment management consultant in November 2014, in which best estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation 2.30%) were developed for each major assets class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates or arithmetic real rates of return for each major asset class included in the Fund's target asset allocation as of April 30, 2022 are listed in the table above.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**10. DEFINED BENEFIT PENSION PLANS (Continued)**

a. Plan Descriptions (Continued)

Police Pension Plan (Continued)

*Investment Valuations*

All investments in the plan are stated at fair value and are recorded as of the trade-date. Fair value is based on quoted market prices at April 30 for debt securities, equity securities, mutual funds and contract values for insurance contracts. The Illinois Funds, an investment pool created by the state legislature under the control of the State Treasurer, is a money market mutual fund that maintains a \$1 per share value.

*Investment Concentrations*

Concentration of credit risk is the risk that the Fund has a high percentage of their investments invested in one type of investment. The Fund's investment policy requires diversification of investment to avoid unreasonable risk. There were no investments (other than United States Government guaranteed obligations) in any one organization that represent 5% or more of Fund's investments as of April 30, 2022.

*Investment Rate of Return*

For the year ended April 30, 2022, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was (5.79%). The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

*Deposits with Financial Institutions*

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the Fund's deposits may not be returned to it. The Fund's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance, at an amount not less than 105% of the fair market value of the funds secured, with the collateral held by an independent third party or the Federal Reserve Bank of Chicago.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**10. DEFINED BENEFIT PENSION PLANS (Continued)**

a. Plan Descriptions (Continued)

Police Pension Plan (Continued)

*Interest Rate Risk*

The following table presents the investments and maturities of the Fund's debt securities as of April 30, 2022:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less than 1	1-5	6-10	Greater than 10
U.S. Treasury obligations	\$ 1,758,226	\$ 159,021	\$ 1,161,227	\$ 93,208	\$ 344,770
FHLMC	228,989	135	56,041	61,921	110,892
FNMA	401,869	-	-	14,449	387,420
GNMA	17,162	-	-	-	17,162
Municipal bonds	236,603	-	79,597	45,968	111,038
Corporate bonds	1,742,966	15,243	463,705	871,111	392,907
<b>TOTAL</b>	<b>\$ 4,385,815</b>	<b>\$ 174,399</b>	<b>\$ 1,760,570</b>	<b>\$ 1,086,657</b>	<b>\$ 1,364,189</b>

The Fund has the following recurring fair value measurements as of April 30, 2022: The U.S. Treasury obligations and mutual funds are valued using quoted prices in active markets for identical assets (Level 1 inputs). The U.S. agency obligations, municipal bonds and the corporate bonds are valued using quoted matrix pricing models (Level 2 inputs).

Interest rate risk is the risk that change in interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the Fund limits its exposure to interest rate risk by structuring the portfolio to remain sufficiently liquid to meet all cash flow demands while providing a reasonable rate of return based on the current market cycle.

*Credit Risk*

The Fund limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing U.S. Treasury obligations and other obligations which are rated AA or better by a national rating agency. The Fund also requires investment-grade corporate bonds and municipal bonds rated at or above BBB- by Standard and Poor's, Baa3 by Moody's and BBB- by Fitch by at least two of the three rating agencies. The U.S. agency obligations and money market mutual funds are rated Aaa, corporate bonds are rated from Baa3 to Aaa and municipal bonds are rated Aa2 to Aa3.

 NOTES TO FINANCIAL STATEMENTS (Continued)

---

**10. DEFINED BENEFIT PENSION PLANS (Continued)**

a. Plan Descriptions (Continued)

Police Pension Plan (Continued)

*Custodial Credit Risk*

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Fund will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the Fund's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by a third party and evidenced by safekeeping receipts.

**10. DEFINED BENEFIT PENSION PLANS (Continued)**

a. Plan Descriptions (Continued)

Police Pension Plan (Continued)

*Discount Rate*

The discount rate used to measure the total pension liability at April 30, 2022, was 5.75%. The discount rate at April 30, 2021 was 5.40%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the Village contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was not projected to be available to make all projected future benefit payments of current plan members.

*Discount Rate Sensitivity*

The following is a sensitivity analysis of the net pension liability to changes in the discount rate. The table below presents the net pension liability of the Village calculated using the discount rate of 5.75% as well as what the Village's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (4.75%) or 1 percentage point higher (6.75%) than the current rate:

	1% Decrease (4.75%)	Current Discount Rate (5.75%)	1% Increase (6.75%)
Net pension liability	\$ 23,249,676	\$ 18,377,846	\$ 14,468,169

*Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources*

For the year ended April 30, 2022, the Village recognized police pension expense of \$1,707,149. At April 30, 2022, the Village reported deferred outflows of resources and deferred inflows of resources related to the police pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 1,416,839	\$ 189,128
Changes in assumption	1,899,540	1,742,047
Net difference between projected and actual earnings on pension plan investments	-	10,890
<b>TOTAL</b>	<b>\$ 3,316,379</b>	<b>\$ 1,942,065</b>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the police pension will be recognized in pension expense as follows:

Fiscal Year Ending April 30,	
2023	\$ 432,114
2024	146,139
2025	155,364
2026	625,325
2027	15,372
Thereafter	-
<b>TOTAL</b>	<b>\$ 1,374,314</b>

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**11. OTHER POSTEMPLOYMENT BENEFITS**

a. Plan Description

In addition to providing the pension benefits described, the Village provides postemployment health care benefits (OPEB) for retired employees through a single-employer defined benefit plan (the Plan). The benefits, benefit levels, employee contributions and employer contributions are governed by the Village and can be amended by the Village through its personnel manual and union contracts. The Plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the Plan. The Plan does not issue a separate report. The activity of the Plan is reported in the Village's governmental and business-type activities.

b. Benefits Provided

The Village provides the opportunity for retirees, their spouses and dependents (enrolled at time of employee's retirement) to participate in the Village's self-insured health insurance plan for pre and post-Medicare postretirement health insurance. To be eligible for benefits, the employee must qualify for retirement under one of the Village's three retirement plans. An implicit benefit is provided due to the retirees paying 100% of the actuarially determined premium to the plan. Pursuant to the Illinois Public Safety Employee Benefits Act, the Village provides health insurance to any sworn police employee (their spouse and dependents) who suffers a catastrophic injury or is killed in the line of duty. The Village is responsible for paying the entire actuarially determined contribution to the plan. Upon a retiree becoming eligible for Medicare, the amount payable under the Village's health plan will be reduced by the amount payable under Medicare for those expenses that are covered under both.

c. Membership

At April 30, 2022, membership consisted of:

Inactive employees or beneficiaries currently receiving benefit payments	6
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	36
 TOTAL	 42

d. Total OPEB Liability

The Village's total OPEB liability of \$3,463,969 was measured as of April 30, 2022 and was determined by an actuarial valuation as of May 1, 2022.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**11. OTHER POSTEMPLOYMENT BENEFITS (Continued)**

e. Actuarial Assumptions and Other Inputs

The total OPEB liability at April 30, 2022, as determined by an actuarial valuation as of May 1, 2022, actuarial valuation, was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified.

Actuarial cost method	Entry-age normal
Actuarial value of assets	Fair value
Inflation	2.25%
Discount rate	3.21%
Healthcare cost trend rates	7.00% to 7.30% Initial 5.00% Ultimate

The discount rate was based on a combination of the Expected Long-Term Rate of Return on Plan Assets and the Bond Buyer 20-Bond GO Index, which is based on an average of certain general obligation municipal bonds maturing in 20 years and having an average rating equivalent of Moody's Aa2 and Standard & Poor's AA.

f. Changes in the Total OPEB Liability

	<u>Total OPEB Liability</u>
BALANCES AT MAY 1, 2021	<u>\$ 3,511,995</u>
Changes for the period	
Service cost	31,126
Interest	78,221
Differences between expected and actual experience	334,090
Changes in assumptions	(359,175)
Benefit payments	<u>(132,288)</u>
Net changes	<u>(48,026)</u>
BALANCES AT APRIL 30, 2022	<u>\$ 3,463,969</u>

The discount rate was reduced from 2.27% to 3.21%. In addition, there were changes to assumptions related to payroll increases, mortality rates, mortality improvement rates, retirement rates, termination rates and disability rates.

**VILLAGE OF OLYMPIA FIELDS, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**11. OTHER POSTEMPLOYMENT BENEFITS (Continued)**

**g. Rate Sensitivity**

The following is a sensitivity analysis of the total OPEB liability to changes in the discount rate and the healthcare cost trend rate. The table below presents the total OPEB liability of the Village calculated using the discount rate of 3.21% as well as what the Village total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.21%) or 1 percentage point higher (4.21%) than the current rate:

	1% Decrease (2.21%)	Current Discount Rate (3.21%)	1% Increase (4.21%)
Total OPEB liability	\$ 3,858,498	\$ 3,463,969	\$ 3,130,445

The table below presents the total OPEB liability of the Village calculated using the healthcare rate of 5.00% to 7.30% as well as what the Village's total OPEB liability would be if it were calculated using a healthcare rate that is 1 percentage point lower (4.00% to 6.30%) or 1 percentage point higher (6.00% to 8.30%) than the current rate:

	1% Decrease (4.00% to 6.30%)	Healthcare Rate (5.00% to 7.30%)	1% Increase (6.00% to 8.30%)
Total OPEB liability	\$ 3,128,294	\$ 3,463,969	\$ 3,853,681

**h. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

For the year ended April 30, 2022, the Village recognized OPEB expense of \$84,262. Under GASB Statement No. 75, plans that qualify for the Alternative Measurement Method, changes to the OPEB liability are not permitted to be included in deferred outflows of resources or deferred inflows of resources related to OPEB. These changes will be immediately recognized through OPEB expense.

## **VILLAGE OF OLYMPIA FIELDS, ILLINOIS**

### **NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**

April 30, 2022

---

#### **1. BUDGETS**

Budgets are adopted on a basis consistent with GAAP for the General, Capital Projects, Motor Fuel Tax, Redevelopment Business District, SSA #3 Oak Lane, Asset Seizure, Debt Service and the Water and Sewer Funds. A budget was not adopted for the Governors/Vollmer Road TIF #3 Fund. The annual appropriated budget is legally enacted and provides for a legal level of control at the fund level. All annual appropriations lapse at fiscal year end.

The Village follows these procedures in establishing the budgetary data reflected in the financial statements:

- a. Prior to April 30, the Treasurer submits to the Village Board of Trustees a proposed operating budget for the fiscal year commencing May 1. The operating budget includes proposed expenditures and the means of financing them.
- b. Public hearings are conducted to obtain taxpayer comments.
- c. Prior to April 30, the budget is legally enacted through passage of an appropriation ordinance.
- d. The Treasurer is authorized to transfer budgeted amounts between departments within a fund. However, revisions that alter the total expenditures of any fund must be approved by the Village Board of Trustees. One budget amendment was made during the year.

#### **2. EXPENDITURES OVER BUDGET**

For the fiscal year ended April 30, 2022, the Debt Service Fund had expenditures of \$5,000 in excess of budget and the Asset Seizure Fund had expenditures of \$59,980 in excess of budget.

Contributions as a percentage of covered payroll	10.55%	9.99%	9.74%	7.36%	8.17%	9.45%	8.70%

**Notes to Required Supplementary Information**

The information presented was determined as part of the actuarial valuations performed as of January 1 of the prior plan year. Additional information as of the latest actuarial valuation presented is as follows: the actuarial cost method was entry-age normal; the amortization method was level percent of pay, closed and the amortization period was 22 years; the asset valuation method was five-year smoothed market; and the significant actuarial assumptions were an investment rate of return at 7.25% annually, projected salary increases assumption of 3.35% to 14.25% compounded annually and postretirement benefit increases of 3% compounded annually.

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as is available.

Notes to Required Supplementary Information

2015-2016: The discount rate used in the determination of the total pension liability was changed from 6.80% to 5.76%. In addition, changes were made in the demographic assumptions to better reflect the future anticipated experience of the Fund. These changes impacted assumptions for mortality rates, mortality improvement rates, retirement rates, disability rates and termination rates.

2016-2017: The discount rate used in the determination of the total pension liability was changed from 5.76% to 6.14%. In addition, updates were made in the mortality assumption to include information from the most recently released MP-2016 table. In addition, the rates have been applied on a fully generational basis.

2017-2018: The discount rate used in the determination of the total pension liability was changed from 6.14% to 6.08%. In addition, updates were made to the salary assumptions to reflect the newly settled bargains agreement.

2018-2019: The discount rate used in the determination of the total pension liability was changed from 6.08% to 6.03%. In addition, updates were made to the salary assumptions.

2019-2020: The discount rate used in the determination of the total pension liability was changed from 6.03% to 5.61%. In addition, updates were made to the salary assumptions, mortality assumptions and benefit terms.

2020-2021: There were changes with respect to actuarial assumptions from the prior year to reflect actual spousal data with respect to retiree and disabled members. The discount rate was changed from 5.61% to 5.40%.

2021-2022: There were changes with respect to actuarial assumptions from the prior year to reflect actual spousal data with respect to retiree and disabled members. The discount rate was changed from 5.40% to 5.75%.

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as is available.

OPEB LIABILITY AND RELATED RATIOS  
OTHER POSTEMPLOYMENT BENEFIT PLAN**

Last Four Fiscal Years

<b>MEASUREMENT DATE APRIL 30,</b>	<b>2019</b>	<b>2020</b>	<b>2021</b>	<b>2022</b>
<b>TOTAL OPEB LIABILITY</b>				
Service cost	\$ 20,906	\$ 22,198	\$ 28,394	\$ 31,126
Interest	119,645	115,907	90,212	78,221
Changes of benefit terms	-	-	-	-
Differences between expected and actual experience	-	-	(346,275)	334,090
Changes of assumptions	62,896	483,117	290,332	(359,175)
Benefit payments, including refunds of member contributions	(154,189)	(162,862)	(149,173)	(132,288)
Net change in total OPEB liability	49,258	458,360	(86,510)	(48,026)
Total OPEB liability - beginning	3,090,887	3,140,145	3,598,505	3,511,995
<b>TOTAL OPEB LIABILITY - ENDING</b>	<b>\$ 3,140,145</b>	<b>\$ 3,598,505</b>	<b>\$ 3,511,995</b>	<b>\$ 3,463,969</b>
Covered-employee payroll	\$ 3,244,979	\$ 3,258,477	\$ 3,200,760	\$ 2,815,104
Employer's total OPEB liability as a percentage of covered-employee payroll	96.77%	110.44%	109.72%	123.05%

For 2019, the following changes in assumptions were made: Starting per capita costs were updated using most recent premiums. The health care trend rates were reset based on recent experience. The discount rate was reduced from 4.00% to 3.79%. Total payroll increases changed from 4% to 3%.

For 2020, the following changes in assumptions were made: The inflation rate, mortality rates, mortality improvement rates, termination rates and disability rates were changed. The discount rate was reduced from 3.79% to 2.56%.

For 2021, the following changes in assumptions were made: The discount rate was reduced from 2.56% to 2.27%.

For 2022, the following changes in assumptions were made: The discount rate was increased from 2.27% to 3.21%. In addition, there were changes to assumptions related to payroll increases, mortality rates, mortality improvement rates, retirement rates, termination rates and disability rates.

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as is available.

## **NONMAJOR GOVERNMENTAL FUNDS**

The Motor Fuel Tax Fund is used to account for the proceeds of the Village's share of gasoline taxes, whose use is restricted to expenditures for street maintenance programs and capital projects as authorized by the Illinois Department of Transportation.

The Redevelopment Business District Fund is used to account for redevelopment costs associated with the redevelopment of the Village's business district.

The SSA #3 Oak Lane Fund is used to account for the restricted property tax levy and the related costs of the SSA #3 Oak Lane project area.

The Asset Seizure Fund is used to account for the revenues and expenditures related to the federal asset seizure amounts distributed to the Village to be used for specific public safety related expenditures.

The Grant Fund is used to account for the revenues and expenditures of specified grant projects.

The Governors/Vollmer Road TIF#3 Fund is used to account for the restricted property tax revenue and the redevelopment costs related to Governors/Vollmer Road TIF #3 District.

The Debt Service Fund is used to account for the issuance and repayment of the Village's governmental long-term debt obligations.

The Capital Projects Fund is used to account for the acquisition and construction of major capital projects other than those financed by proprietary funds or a specifically established capital projects fund.
